Stylishly Smooth Wedding MC

Elevating your
reception with
elegance and fun!

A funny friend or hilarious family member might seem like a great choice as MC however they would much rather be celebrating with you both, rather than watching the clock to see when the next speech, game or special moment is to be announced.

That's where I come in as your **professional and dedicated MC!**

My **focus is purely on you** and how much you're enjoying yourselves.

I have fun working closely with my fellow wedding vendors to ensure you both enjoy a **seamless reception** while you sip on a chilled glass of never ending champagne and party with your guests.

My style as MC is **calm, classy, coordinated**. I won't hog the microphone or try to be funny. But I will keep my eye on the clock, read the room as best I can and do my absolute best to ensure your night goes off without a hitch!

"From the moment we met on our initial video call, it was evident that Stacey was passionate about her craft and we knew right away Stacey was the celebrant for us. Stacey effortlessly guided us through the entire process, from initial consultations to crafting a personalised ceremony script that perfectly reflected our love story.

Stacey took the time to get to know us as a couple and asked the right questions to help to understand our vision, ensuring that our personalities and preferences were reflected in every aspect of our wedding. She brought warmth and sincerity to her delivery, ensuring that every word resonated with both us and our guests. Always having a calming presence and genuine enthusiasm made us feel completely at ease.

What truly set Stacey apart was her ability to go above and beyond her duties. She took the initiative to coordinate with our other vendors, ensuring seamless transitions throughout the day. She even stepped in to help with last-minute adjustments and unexpected challenges, keeping everything running smoothly and allowing us to fully enjoy the celebration without any stress or worries. It almost felt like we had our own wedding planner!

As an MC, she was simply outstanding, striking the perfect balance between engaging the crowd and letting our personal speakers provide the entertainment and to help colour our story. Stacey flawlessly managed the timing of speeches, introductions, and entertainment, ensuring that our reception flowed from start to finish. And when she wasn't on center stage, she'd blend in with the crowd so well you could be forgiven for thinking she was one of the guests!

Without hesitation, we highly recommend Stacey to anyone seeking an exceptional celebrant and/or MC who will undoubtedly shape your day into an unforgettable experience."
